For the Employers: Sri S. N Singh, Legal Assistant.

For the Workmen: Sri Ram Mitra, Secretary, Bihar Koyla Mazdoor Sabha.

STATE: Bihar.

INDUSTRY: Coal.

Dhanbad, dated the 30th December 1964

AWARD

Ministry of Labour & Employment, Government of India, by its Order No. 2/25/63-LRII dated the 2nd July 1963 referred to this Tribunal for adjudication under Section 10(1)(d) of the Industrial Disputes Act, 1947 an industrial dispute existing between the employers in relation to 6 and 7 Pits Jamadoba Colliery owned by Messrs. Tata Iron and Steel Co. Ltd., and their workmen in respect of the matters specified below:

"Whether the dismissal of Shri Dukhiram, Timber Mistry, by the management of 6 and 7 Pits Jamadoba Colliery owned by Messrs. Tata Iron and Steel Co. Limited, Jamadoba, Post Office Jealgora, (District Dhanbad), with effect from the 23rd January 1963 was justified. If not, to what relief is he entitled?"

2. On behalf of the concerned workman a written statement was filed on 20th July 1963 by the Bihar Koyla Mazdoor Sabha through its Secretary Sri Ram Mitra. The case of the concerned workman was that he was a permanent employee of the Colliery and has put in long 10 years faultless service and has been dismissed with effect from 23rd January 1963 on charge sheet Exhibit M. 1 being issued on flimsy ground for removal of a lamp token worth 12 NP only although he was not guilty of the charge as he said in his reply to the charge sheet Exhibit M. 2 and further that the enquiry held was not proper and as such his dismissal was wrongful and it should be set aside and he should be reinstated with full back wages.

3. The company also filed its written statement on 30th August 1963. The defence of the company was that on 19th December 1962 at about 8 a.m. lamp token No. P/306 was found missing from its hook in the lamp cabin and as the workman concerned Sri Dukhi had taken his lamp from shelf on the same row just a few minutes earlier he was questioned by Sri Nibaran M.W. 1, the Lamp Attendant, about the missing token but Sri Dukhi denied having taken the token and repeated his denial when he was produced before the Manager. Later, however, on a personal search token No. P/306 was recovered from inside the helmet of the concerned workman in the presence of Nibaran M.W. 1, Ganouri Mistry M.W. 2 besides the Manager. The further case of the management was that thereafter a charge sheet dated 19/20th December 1962 Exhibit M. 1 was issued to the concerned workman to which he gave a reply Exhibit M. 2 and in his reply he admitted that the token had been recovered inside his helmet and suggested that it was probably planted by some interested person; that a preliminary enquiry in the absence of the concerned workman was held on 19th December 1962 at which Nibaran M.W. 1 and Ganouri Mistry M.W. 2 were examined and later a final enquiry was held on 7th January 1963 at which Nibaran M.W. 1 was examined and cross-examined by the concerned workman and Ganouri Mistry M.W. 2 was also examined but his cross examination by the workman concerned was declined; that on 8th January 1963 the enquiry officer submitted his report Exhibit M. 10 and found him guilty of the charges and, thereafter, he was dismissed in accordance with the standing orders with effect from 23rd January 1963 under letter dated 15th January 1963 Ext. M.12. It was, therefore, alleged that the enquiry being proper and fair and the concerned workman having been given opportunity to cross examine the witnesses of the company and he also having examined his defence witness and the enquiry report being not perverse his dismissal was justified and as such he was not entitled to any relief.

4. Sri S. N. Singh, Legal Assistant, appeared on behalf of the company and Sri R. Mitra, Secretary Bihar Koyla Mazdoor Sabha and the concerned workman Dukhi Ram appeared for the workmen. The company examined three witnesses, namely, Nibaran M.W. 1, Ganouri Mistry, M.W. 2 and the Enquiry Officer, N. Sen M.W. 3 and filed documents, which, with mutual consent, were marked Exhibits M to M. 14. The concerned workman was present during the hearing of the case throughout both on 16th November 1964 and 29th December 1964 but he did not examine himself nor did he examine any witness on his own behalf. On behalf of the workmen, however, two documents were filed which, with mutual consent, were marked Exhibits W and W. 1.

5. The contention of Shri Mitra on behalf of the workmen was that the domestic enquiry held by the company must be rejected as having been held contrary to law because statements of Nibaran M.W. 1 and of Ganouri M.W. 2 recorded at the preliminary enquiry on 19th December 1962, in the absence of the concerned workman, were not sent along with the notice dated 2nd January 1963 Exhibit M. 3 to the workman concerned informing him about the date of the final enquiry on 7th January 1963 nor was he given copies of the said statements before the commencement of the enquiry on 7th January 1963 in order to enable the workman concerned to cross-examine M.W. 1 and M.W. 2 with respect to the statements made by them at the preliminary enquiry. This fact was admitted by the enquiry office M.W. 3. The Enquiry Officer, however, said that he read out the statements of M.W. 1 and M.W. 2 recorded on 19th December 1962 to the concerned workman on 7th January 1963 before the commencement of the enquiry which fact however was not admitted. Moreover, this fact was not mentioned by the Enquiry Officer in his report Exhibit M. 10 nor is it mentioned in the statements of Nibaran Exhibit M. 6 and of Ganouri Mistry Exhibit M. 7 recorded on 7th January 1963. The enquiry must, therefore, be rejected. Realising this infirmity in the domestic enquiry Shri Singh pointed out, and I think very rightly, that the Tribunal may consider the evidence adduced before it to come to its own conclusion on the basis of the same about the guilt of the concerned workman. This position was conceded by Sri Mitra. I, therefore, now proceed to consider the evidence produced before me to find for myself if the charge levelled against the workman concerned has been established by the management.

6. The charge sheet Exhibit M. 1 issued to the workman is in the following terms:

"On 19th December 1962 at about 8 a.m. lamp token No. P/306 was found missing from its hook in the lamp cabin. A few moments earlier you had taken one lamp No. P/310 from the shelf on the same row. Sri Nibaran, Cap Lamp Attendant, questioned you, therefore, if you had taken the token. You denied having taken it. You also denied having taken the token, in presence of the manager, when Sri Nibaran brought you before him. Subsequently, a search was made and token No. P/306 was discovered from inside your helmet."

In his reply, Exhibit M. 2, the concerned workman, while denying the charge, said, *inter alia*, that:

"* * * it is an unfortunate fact that Sri Nibaran dramatically found the said token from my cap. In this connection, I beg to submit that some interested person must have put the said token in my cap without my knowledge with a view to put me in danger."

Later on, towards the end he said:

* * * In a plain way one can suspect me in view of the fact that the said token came out from my cap but if anybody impartially go into deep and details he will not suspect me in any way."

From the above reply, therefore, it is plain that the fact that the token was recovered from his helmet is admitted by the workman concerned.

7. In the above connection, it would be useful to see Exhibit W. 1 which is a letter dated 20th March 1963 from the C.M.E. to the Conciliation Officer, in reply to the latter's letter dated 9th February 1963, in which it was said:

"One cap Lamp is issued to only one worker. Every Cap Lamp has a corresponding token. The person taking the Cap Lamp hands over the token to the person in charge of the Cap Lamp Cabin. The person in charge of the Cap Lamp Cabin then puts the token on its hook in the Cap Lamp Cabin. The man who had been issued the Cap Lamp takes away the token after depositing the lamp in the Cabin at the end of his shift. From this it is clear that the person who has got the token can take the lamp. Cap Lamp No. 306 was issued to Line Mazdur Shri Gopal and Cap Lamp No. 310 was issued to Sri Dukhi Timber Mistry."

The above gives the procedure.

No doubt the price of the above token is 12 Np, but the fact has to be borne in mind that on the basis of that token anybody could take away the lamp and the lamp is very costly and it could be sold in the market at any price and, therefore, it cannot be said that the theft of token was a trifling matter.

8. The fact that the token was discovered from the helmet of the workman concerned, besides being admitted by the concerned workman in his reply Exhibit M. 2, was also proved by M.W. 1 and M.W. 2, both of whom were cross examined but nothing was brought out in the cross examination to persuade me to discredit these two witnesses. Nothing has been brought out even to suggest as to why they should depose falsely against the concerned workman. It is true that these two witnesses are employees of the company but that by itself is not enough to show that they had any particular grudge against the workman concerned and in the ordinary course Nibaran M.W. 1 being in charge of the lamps and being present and Ganouri M.W. 2 also being present at that moment were the most competent persons and eye witnesses to depose M.W. 1 to the fact of the theft of the token and M.W. 1 and M.W. 2 of the recovery of the said token from the helmet of the concerned workman. It is rather surprising that the workman concerned, although present before the Tribunal throughout, did not come forward to contradict the statements of Nibaran M.W. 1 and Ganouri M.W. 2 at the enquiry or before this Tribunal. It may be that he was conscious of his own admission in his reply Exhibit M.2 and, therefore, he had not the courage to come forward and pledge his oath. He avoided obviously cross examination by the management. Be that as it may, on the basis of the statements of Nibaran M.W. 1 and Ganouri M.W. 2 and reply of the workmen concerned M. 2, I have no reasonable doubt whatsoever that the charge has been proved against the concerned workman.

9. The specific defence of the concerned workman that someone planted the token in his helmet had to be proved by him and by some one else, because to prove such a defence the onus is on him. The workman, besides only making his statement in his reply Exhibit M. 2, did not care at all to adduce any evidence in support of his assertion. It may be mentioned here that when Dukhi, the concerned workman, was examined at the final enquiry on 7th January 1963, as appears from his statement Exhibit M. 8, he simply said he had nothing to add to his charge sheet explanation, meaning Exhibit M. 2.

10. For the reasons given above, I hold that the domestic enquiry is illegal and as such it cannot be relied upon and, therefore, it is rejected. I, further, hold that on the evidence adduced before the Tribunal it is established beyond any reasonable doubt, for the reasons given above, that the charge against the concerned workman has been established and, as such, his dismissal was justified.

11. In the result, the reference is answered in favour of the management by holding that the dismissal of Shri Dukhiram, Timber Mistry, by management of 6 and 7 Pits, Jamadoba Colliery owned by Messrs. Tata Iron and Steel Co. Limited, with effect from 23rd January 1963 was justified and, therefore, he is not entitled to any relief.

12. This is the award which I make and submit to the Government of India under Section 15 of the Act.

Presiding Officer.
